- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, par value \$0.01 per share	MOS	New York Stock Exchange

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 or Rule 12b-2

of the Securities Exchange Act of 1934.

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

MOSAIC ANNOUNCES CLOSURE OF PLANT CITY PHOSPHATES MANUFACTURING FACILITY

PLYMOUTH, MINNESOTA - June 18, 2019 -The Mosaic Company (NYSE: MOS) today announced that it will close its idled Plant City phosphates manufacturing facility in Hillsborough County, Florida.

The small team of Mosaic employees currently responsible for care and maintenance activities will remain on site to manage closure and compliance responsibilities over the next several years.

Operational since 1975, Plant City produced approximately 1.3 million tonnes of finished phosphates in 2017, its last year of operation. The plant was idled in late 2017 because it was one of the higher cost phosphates facilities in Mosaic's Florida Operations and due to global phosphate market conditions.

"Our decision to close the Plant City phosphate facility reaffirms our commitment to low-cost operation," said Mosaic President and CEO Joc O'Rourke. "We will continue to meet global demand for high-quality phosphate fertilizers with production from our low-cost facilities in Florida, Louisiana, Brazil and Peru, and through our joint venture in Saudi Arabia."

During the second quarter, Mosaic expects to recognize a notable non-cash charge of up to \$390 million for the permanent closure of the facility, including asset write-offs and an increase of the asset retirement obligation liability. Annual cash payments to manage the closure of the facility over the next five years are expected to be similar to payments incurred while the plant was idle in 2018. Mosaic will seek to mitigate a portion of closure costs by evaluating innovative approaches to water management and to repurposing part of the facility for productive use.

About The Mosaic Company

The Mosaic Company is one of the world's leading producers and marketers of concentrated phosphate and potash crop nutrients. Mosaic is a single-source provider of phosphate and potash fertilizers and feed ingredients for the global agriculture industry. More information on the Company is available at www.mosaicco.com.
